

Awakening Your Intuition

"The intuitive heart is a sacred gift; the rational mind its faithful servant. We have created a society that honors the servant and forgotten the mind." Albert Einstein

Classes Begin January 2010

"Awakening Your Intuition" is designed to help guide you in opening and trusting your own intuition.

Each of us has a sixth sense, that once awakened will change your life.....

~Have you ever observed a psychic and wondered how they developed their abilities?

~Would you like to see how easy it is to develop your own intuition?

~Would you like to develop the ability to make your life, business, and relationships easier by learning to develop and listen to your own intuition?

~Everyone is born with a sixth sense, yet few learn to use it. Join a class of like-minded people who feel compelled to take the first step of the rest of their lives...a different life than the one they know now.

Awakening Your Intuition includes; connecting to your spirit guides, angels, aura's, energy and vibration, chakra's, life's lessons, meditation, past lives, psychic readings and much more!

"The classes with Carol, Matt and Mark were wonderful. They presented a variety of relevant topics, and allowed discussion time and hands on practice for all of us. They teach with kindness, love, humility and humor. They made each member of the class feel valued and a part of everything. I'll be back for more!" -Reva

"I have taken many intuition/spiritual classes, the results obtained from Carol, Mark and Matt were by far the most rewarding. Their combined ability to share their own personal struggles, different view-points and learning techniques, helped catapult my own learning, and healing process. I highly recommend this class." -Mary

"In this class you'll learn to look deep within your soul and find out what your life lessons are. You'll discover there are no coincidences in life; that everything happens for a reason. They'll teach you what it feels like when your intuition kicks in and to understand how trusting it will make your life easier. Are you ready to "Awaken Your Intuition?" - Nancy

"We have been fortunate to have taken the Awakening and the Exploring Your Intuition classes with Carol, Matt, and Mark. Whatever our expectations were at the beginning, they were well exceeded. These three are always prepared and their experience, patience and genuine caring about the subject matter and you as a person are so real and genuine. Even though our classes are over, we are blessed to have made life-long friends as a result."
